

# PROJECT IDEA

## HOW CAN I CREATE A VIRTUAL SCHOOL TRIP?

### Summary

"The Virtual School Trip" project offers elementary English language learners an engaging opportunity to reinforce their understanding of the present simple tense and time concepts while exploring various destinations they'd like to visit. Through this project, students will work collaboratively to plan and design an educational virtual school trip for their class. The driving question, "How can I create a virtual school trip?" guides students as they research destinations, develop itineraries, and create multimedia presentations to showcase their chosen destinations.

### Driving Question

**HOW CAN I CREATE A VIRTUAL SCHOOL TRIP?**

### Audience

Other students, the world

### Goals

- Develop reading, listening, and speaking skills.
- Use the English language in an authentic and relevant way.
- Foster creativity.

### Language Content

Present Simple.

### Other Subjects

Social Studies

# PROJECT IDEA

## HOW CAN I CREATE A VIRTUAL SCHOOL TRIP?

### Engage!

Watch the clip and answer these questions: Where do the children go? Do they like the lake? How many stones do the children see? What do the kids do in the forest? Do they ride horses? What can the children do in the cave? [CLIP LINK!](#)

### 1. Choose Your Dream Destination:

- Think about a place you would love to visit with your school. It could be a famous landmark, a historical site, or a natural wonder.
- Research information about your chosen destination and collect some pictures to include in your presentation.

### 2. Plan Your Itinerary:

- Plan an itinerary for your school trip. Decide what places you want to visit, what activities you want to do, and how long you want to spend at each location.

### 3. Create a Google Slides Presentation:

- Use Google Slides to create a presentation about your chosen destination and your planned itinerary.
- Include pictures, information, and interesting facts about the places you want to visit.
- If you want, you can use Google Maps to find the different places and embed the link on your presentation for a virtual tour experience.

### 4. Share Your Presentation:

- Once your presentation is ready, share it with your classmates and teacher. Present your itinerary and explain why you chose the destination and what you hope to learn from the virtual school trip.

### Optional: Get Creative!

Feel free to get creative with your presentation. You can add animations, videos, or even design your own virtual tour using Google Earth.
