

PROJECT IDEA

HOW CAN I CREATE A ROBOT THAT WILL HELP HUMANS FOR A CLASS CONTEST?

Summary

In pairs or threes, students are going to create their robot, it has to be very original because this robot is going to participate in a contest for the best robot of the year! It is going to “compete” with robots from other members of the class/classes. During this “competition,” students have to introduce their robot and tell their classmates what the robot is like what it can do, and how this robot will help humans.

Driving Question

How can I create a robot that will help humans for a class contest?

Audience

Other students

Goals

- To be able to describe robots using the vocabulary and structures learnt in class.
- To be able to say what robots can do.
- To reflect on how robots help humans.
- To think about what makes robots different from humans.
- To create a robot and describe it.

Language Content

- Parts of the body, I've got (a big body), (long legs), (small nose)
- Have you got...?
- I've got....
- It has got
- Has it got....?
- It can and can't
- I can and can't

PROJECT IDEA

HOW CAN I DESIGN MY OWN VEGETABLE GARDEN?

IN PAIRS CREATE A ROBOT WITH RECYCLED MATERIALS
AND PARTICIPATE IN THIS SUPER CONTEST!!!!

THINK ABOUT:

WHAT IS YOUR ROBOT'S NAME? _____

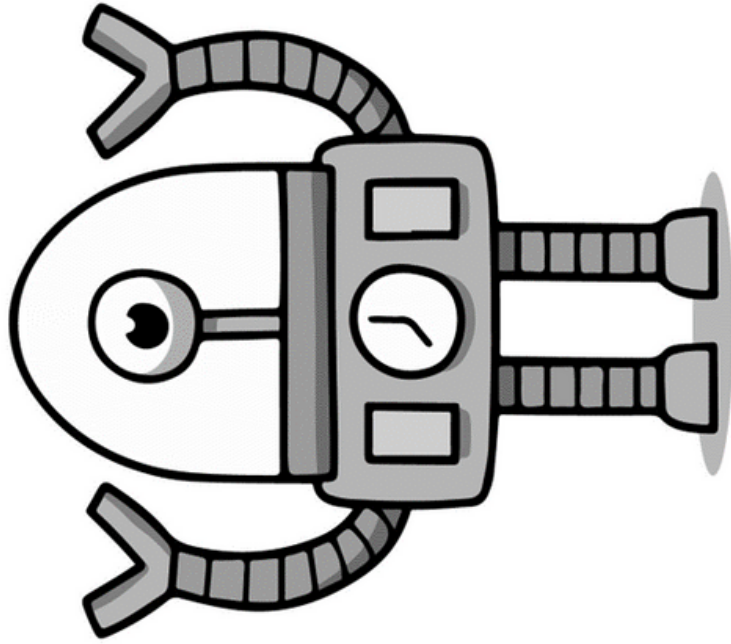

WHAT IS IT LIKE? _____

WHAT CAN IT DO? _____

WHAT IS HIS/HER MISSION ON EARTH? _____

THANKS FOR
PARTICIPATING!

ROBOT CONTEST AWARD

This certificate certifies that.....
.....has participated in our Robot Contest.

congratulations!
